A Coronavirus Emergency Response

All Wales Locum Register and Locum Hub Wales

The COVID-19 pandemic means we are in unprecedented times with significant pressures being placed upon our health and care services.

We have heard from many of you asking how you can support the service during this time and in response NHS Shared Service Partnership (NWSSP) have worked collaboratively with Welsh Government and GPWales, to develop a number of options for you, to use your skills and expertise to support your colleagues and local community.

If you are currently a GP Partner or Salaried GP and have any spare capacity to support with our emergency response to Covid-19.

How can you get involved?

STEP 1:

Register on the All Wales Locum Register (AWLR) on Locum Hub Wales

The AWLR has migrated onto www.locumhubwales.co.uk coordinated by GPWales.

By creating a locum profile on Locum Hub Wales you will be entered onto the AWLR.

At this critical time it has never been more important to understand and be able to access workforce for strategic deployment where the needs are greatest. Please share on Locum Hub Wales your availability to support critical workforce planning

Providing accurate and up-to-date information is a vital support to enable Health Boards to quickly identify available temporary GP resources; and to deploy your expertise to the areas of greatest need in this fight against COVID-19.

Go to www.locumhubwales.co.uk to create and finalise your AWLR locum profile.

STEP 2:

Match, apply and manage your sessions advertised by Local Health Boards or GP Practices at www.locumhubwales.co.uk

How else could you help?

Look out for Temporary Covid-19 Contracts with LHBs on the www.GPWales.co.uk

Membership of the All Wales Locum Register is voluntary. Locum GPs registered with and working to the terms of the All Wales Locum Register are captured by the Scheme for General Medical Practice Indemnity from the date they join the Register. Locum GPs who do not wish to remain a member of the All Wales Locum Register must notify the NHS Wales Shared Services Partnership and must arrange clinical negligence indemnity cover for their NHS work via a medical defense organisation.
